

Maverick 12 Power Chair

Features and Benefits:

- The advanced adjustable suspension design provides a smooth and stable ride both indoors and outdoors, effectively handling tough terrain.
- This innovative feature allows for seamless navigation over obstacles.
- Dual in-line motors offer superior efficiency, torque, range, and performance.
- Standard swing-away joystick for easy access and control.
- Additional Options: Includes electric seat lift, rear attendant controls, and optional seating and leg rests.

The Merits Maverick 12 Power Wheelchair is designed to perform effortlessly in both outdoor and indoor environments. The Maverick 12's manoeuvrability means it can navigate compact and tight spaces whilst keeping a smooth ride, even in rough terrain. With a weight capacity of 205kg this electric wheelchair is ideally suited to larger users. The wheels have ground technology, including an obstacle climb suspension that will keep the driver comfortable at all times. Both the armrest and seat are height adjustable and the back rest can be reclined.
