

Maverick 12 Power Chair

Features and Benefits:

- Mid-wheel drive design offers outstanding manoeuvrability in tight, compact spaces and the superior adjustable suspension design delivers
- a smooth and stable ride both indoors and outdoors, even over tough terrain
- Patented obstacle climbing suspension that works
- Dual in-line motors for enhanced efficiency, torque, range and performance
- Swing away joy stick standard
- Height and width adjustable armrests on the new contoured seat. Height adjustable four post seat with reclining back rest

The Merits Maverick 12 Power Wheelchair is designed to perform effortlessly in both outdoor and indoor environments. The Maverick 12's manoeuvrability means it can navigate compact and tight spaces whilst keeping a smooth ride, even in rough terrain. With a weight capacity of 205kg this electric wheelchair is ideally suited to larger users. The wheels have ground technology, including an obstacle climb suspension that will keep the driver comfortable at all times. Both the armrest and seat are height adjustable and the back rest can be reclined.
