

Maverick 14 Power Chair

Features and Benefits:

- Swing-away joystick
- Fully contoured padded high back seat
- Choice of colours: Red, Silver, Gold, Charcoal, Green, Blue
- Front and rear suspension
- Max speed 7.2 kph

The Maverick 14, is the biggest in the Merits mid-drive power chair range, with bigger diameter 14" wheels for the most challenging of terrains and applications. Because it's a mid-drive electric wheelchair it is highly manoeuvrable, but can take on the most demanding applications. It's tough but comfortable, with the famous Merits contoured seat.
