

## Aspire Vogue Forearm Seat Walker

### Features and Benefits:

- The stylish European designed Aspire Vogue Walkers are a lightweight, versatile range with a sturdy frame and easy to fold locking system, suitable for compact transportation when folded
- Luxury Look and Feel - European design, profiled tubing, moulded fittings and chic colour palette
- Smart Posture System - Height, angle and depth adjustable forearm supports achieve optimal centre of gravity for improved balance and weight redistribution

The Aspire Vogue Forearm Walker is designed to accommodate the individual who requires further assistance when walking to stay upright over a standard Seat Walker. It features forearm supports that are uniquely designed as part of the Smart Posture System being height, depth and angle adjustable to allow you to customise the pads for ultimate comfort. In addition to this, the forearm supports will also assist in absorbing the impact of bumps or dips on the ground's surface.
