## Karma S-Ergo 125 Wheelchair

- Features and Benefits**
- The Karma S-Ergo 125 is equipped with the Unique S-Ergo (Smart Ergo) S shaped seat. The S-Ergo design was developed over two years, after extensive testing by Karma's Research and Development Department. The result is a leap forward in wheelchair design.
  - In Addition to the S-Ergo seating system, the S-Ergo 125 also has seat upholstery and pads treated with Aegis Microbe shield, to reduce stains and odour.
  - The streamline oval tubes not only make the wheelchair look great, but also add to the strength of the wheelchair structure, which is incredibly light. Frame made from aircraft aluminum.
  - The S-Ergo 125 also features patented footrests, which swing inward and outward for added convenience.

### Accessories

Anti-Tip Bars

Rear Bag

Safety Belt

Travel Bag

Elevating Leg Rest

Stump Support

Folding Headrest

Oxy Bottle Holder
