

ByAcre Carbon Ultralight Walker

Features and Benefits:

- Soft inverted handles to support posture and comfort and reduce strain on fingers, hands and joints when steering
- Unbeatable in terms of the ease to fold, lift and grip when lifting it into the car or up stairs
- Award winning design providing a slick alternative to the traditional looking walking frame
- Brake cables hidden inside the frame for cleaner, less cluttered lines
- Shock absorbing frame and tyres made from a PU/rubber mix to reduce vibration
- Additional accessories including back rest, weekender bag, organiser bag and cane holder are also available on the online shop.
- Available in Carbon Black (as selected here), Strawberry Red, Oyster White, Royal Blue or British Racing Green.

At just 4.8kg this carbon fibre walker / walking frame is the lightest in the world and uses space age technology and the best of Danish design.
