

Rothcare Lite Ryder Carbon Fibre Folding Power Chair

Features and Benefits:

- Super Lightweight carbon fibre frame
- Folds in one easy step for transportation
- Comfortable padded seat & backrest
- Lightweight removable Lithium battery
- Compact easy to use joystick
- Complete chair weighs less than 13kg with the battery
- USB fitting in Joystick & in removable battery pack
- Battery pack is also fitted with a charging port for off board charging

The Rothcare Lightweight Carbon Fibre Folding Power Wheelchair, weighing only 13kg fully assembled with the battery, is among the lightest power chairs on the market. Crafted from super lightweight carbon fibre, this powerchair combines durability with ease of transport, making it ideal for those who need a reliable and portable mobility solution. Its foldable design ensures it can be easily stored in car trunks or tight spaces, providing unmatched convenience. Despite its lightweight frame, the chair offers robust performance and comfort, catering to users' mobility needs without compromising on strength or stability.
