Model C2 Power Wheelchair

Turn Tighter. Go Further.

OMNI-WHEELS
Tight 76cm turning radius

DISASSEMBLES
Three pieces for the car boot

136KG SWL
Two-motor drive system

ABOUT THE MODEL C2

The WHILL Model C2 brings a fresh approach to power mobility. Patented front omni-wheels let it turn in tight spaces where a scooter can't, while two powerful motors and rear suspension handle bumps, kerbs up to 5cm and inclines up to 10°.

It comes apart in seconds into three lightweight pieces for the car boot, and the WHILL app lets you drive it remotely, lock it and check the battery.

KEY FEATURES

- Omni-Wheels: 76cm turning radius
- Two-Motor Drive: 5cm obstacles, 10° inclines
